Using TsugiCloud in Google Classroom

It is relatively simple to use TsugiCloud in Google Classroom.

1. Go to the App Store and login with your Google Classroom account.
2. From Settings, connect your Google Classroom account.
3. Then go to the Tsugi App Store - at the top right of the screen, you will see the Google Classroom icon next to the other icons.
4. When you click on the Google Classroom icon, it will take you to the Google Classroom store.
5. Once you install a tool, it should appear in the Tools section of the sidebar.

TsugiCloudをGoogle Classroomで使用する

Google ClassroomでTsugiCloudを使用するのは比較的簡単です。

1. App StoreにアクセスしてGoogleアカウントでログインする
2. 設定から、TsugiCloudのGoogleアカウントをGoogle Classroomに接続します
3. Tsugi App Storeに移動します。その時点で、1つまたは複数のGoogle Classroomに正常に接続している場合は、ストア内の各アプリケーションの横にGoogle Classroomアイコンが表示されます。
4. Google Classroomアイコンをクリックすると このツールをインストールするGoogle Classroomコースを求めるメッセージが表示されます。
5. ツールをインストールしたら、教室の壁に表示されます。教師としてツールを起動して、ツールにインストール後の設定が必要かどうかを確認します。
6. ツールをインストールして設定すると、生徒はツールを起動できます。ツールが成績を出すと、彼らはClassroom成績簿に返送されます。クラスルームに戻るための成績をテストするには、学生アカウントが必要です。インストラクターには成績は流れません。

これを試してみたい場合は、@gmail.comという2つのアカウントが必要です。1つは教師、もう1つは学生です。単にclassroom.google.comにアクセスして、先生のアカウントでコースを作成し、他のgmailアカウントをコースに招待してください。教師アカウントにツールをインストールして、学生アカウントか
